SCC Meeting Minutes
Melissa Wilson, SCC Chair

Attending:

Melissa
Roxanne
Jason
Whitney
Manessa
Rachel
Natasha
Koriann
Tonya

Intro to SCC – Roxanne went over SLCSO power point and touched on deadlines and timeline.

Covered land trust money from the district website. Review on a later date.

Jason – districts realizes that we are shrinking. Numbers are low. What can we do to draw families into our area. Be more “in the community”. Have a presence at community events.

Identity of Newman. Carried over from last years meetings.

Andrea – talked about wanting to get into Science School. What does that mean for Newman
Proximity to that school is what brought her to the neighborhood and Newman.

Talked about the future of the relationship between Newman and Science school once it has transitioned to a high school.

Roxanne - Home visits. SCC members going with her to visit children in their homes.
Possibly teaching parents the DYAD reading strategy and chatting about its benefits.

The majority was for home visits, however they wanted to talk more in depth about how we would decide on who to visit. Also how to get away from having the visit perceived as a negative. Andrea and Ms. Syphus suggested maybe a neutral meeting spot for the community to come and visit. Decided to come back to this idea at a later date.
