

Minutes for November SCC Meeting

November 21, 2019

Attending:

Melissa, Roxanne, Sarah Walker, Whitney Unga, Natasha Jensen, Rachel Medina, Tonya Allred, Manessa Adams

Digital responsibility. Roxanne. Offering courses in the classroom instead of an all school assembly. The presentation lasts 45 min to an hour. Wanting to get it scheduled for December 16-18th. Maybe combine the smaller grades. Not able to combine the upper grades as easily.

Safe technology and digital citizenship. Handout in the meeting. There are district policies as well as school policies.

School can decide on the discipline when a student misuses the technology. All the information is on the district and Newman website.

We have a cell phone agreement at Newman. If a parent or guardian wants to have one of their students have a cell phone, there is a paper they can sign and adhere to. There are a few students in the upper grades that have cell phones. 1 second grader is Ms. Adams Class has one. There doesn't seem to be a big issue here at the school with cell phone. They are not allowed to use it during school hours.

Roxanne – school visits.

Scheduling with Roxanne. Have a calendar of days Roxanne is available, then members of the committee can go with her. She has a reason for why she wants to visit. It will be a mystery to the committee members.

We can call the families and see who is willing to be visited in the home or at a public place of their choosing.

Starting in December. See if there are families that are available. If December is too busy, the we will schedule more days in January.

Agenda item for December meeting – Dress Code. So we can have something in place when the weather gets warmer.
