

## SCC January Meeting minutes

Went over December minutes. Committee accepted unanimously.

School report card

Achievement

Growth

EL

Newman is typical at achievement but at a standstill for growth

Typical with English learning barely got out of TSI.

We are going strong with that for the next year

Closer to 44% instead of 32% in EL but better in the other areas.

Beginning and middle scores in reading.

Kinder is amazing 33%!!

Lower grades are doing great. Average is wonderful.

\*\*Test changes between first and second and between kinder and first grade.

Dress Code - Roxanne has to go to faculty. The changes will hopefully affect Spring. Depends on when it gets warm. Move to February meeting.

Home visits. I will go on Thursday

Natasha will go on Tuesday

Talked about late start and I printed the options for each time. The next meeting for the listening tour is Friday and then again on Saturday.

\*\*There was some confusion at the February meeting on what test changes between these grades. It was suggested to clarify that it is the reading test, and I would amend the minutes.
